### Employment History

#### Graphic Designer at Mega+, Coimbra

November 2019 — December 2021

- Designed Social Media Posts: Created visually appealing content for social media to enhance engagement and attract the target audience.
- Developed and Maintained WordPress Websites: Built and managed WordPress-based websites, ensuring responsive design and continuous updates.
- Created Campaigns and Posts for Events: Planned and executed marketing campaigns to promote events, including crafting compelling social media posts and designing attention-grabbing banners.

### Education

#### Bachelor's Degree in Multimedia Instituto Superior Miguel Torga, Coimbra

September 2020 — June 2023

- Experience in HTML, CSS, and JavaScript, including the use of React and Node, acquired through coursework in Programming I, II, and III.
- Designed engaging UI/UX applications that seamlessly blend form and function, turning concepts into user-friendly digital experiences.
- Bachelor's final project: designed and developed a full-stack application with React on the front-end and Firebase on the back-end.

### Courses

#### Web Design at MasterD

September 2018 — June 2019

- Acquired fundamental knowledge of web technologies and their role in modern digital ecosystems.
- Gained a solid understanding of web development principles, including HTML, CSS, and JavaScript.
